KINDNESS  
 COMPASSION  
 SERVICE  
 EXCELLENCE

It is the policy of this facility to fully comply with all federal and state laws governing fraud and abuse in healthcare programs and to expect all employees, contractors, and consultants to conduct themselves in an ethical and responsible manner. This facility does not discriminate on the basis of race, creed, color, national origin, physical disability, past/present history of mental disorder, marital status, sex, age or religion in admission, access to treatment or employment in programs and activities.

# Setting the Standard *in Comfort and Care*

## Brentwood

### Center for Health & Rehabilitation

thanks you for choosing our center for your healthcare needs. An exceptional community healthcare resource for many years, we exceed expectations in meeting the needs of individuals who require short-term rehabilitative care following hospitalization or are in need of skilled nursing care. Our staff of dedicated professionals is committed to helping everyone adjust to life here, providing support and guidance on a one-on-one basis.

Whether you join us for a brief stay or call us your home, we want you to feel as comfortable as you would among family. Everyone can enjoy lounging in our spacious, well-appointed sitting room or catching up with an old friend in the beautifully landscaped courtyard. Elegantly decorated rooms are ready to be furnished with special touches and treasures from home.

## Skilled Nursing

Upon admission, each patient is evaluated by our interdisciplinary team, enabling us to develop a comprehensive care plan that includes all medical, nursing, rehabilitative, nutritional, psychosocial and therapeutic needs. Every plan is customized, taking into account likes and dislikes, hobbies, interests and capabilities.

We take a holistic approach to care that encompasses the mind, body and spirit. Permanent nursing assignments create personal relationships with each patient and their family, allowing for the monitoring and awareness of subtle changes in health.

We determine services according to need, which are then carried out in conjunction with a personalized care plan. Our goal is to assist each patient in achieving his or her best level of health each day, and to provide the highest level of care.

## Passport Rehabilitation *Your Passport Home*

Our signature "Passport Rehabilitation" program was designed to meet the clinical needs of individuals who require a short-term rehabilitative stay following a hospitalization or an acute medical episode.

The short-term rehabilitation unit includes a dedicated area within our center and a rehabilitation gymnasium for patients admitted for short-term intensive rehabilitation. We aim to have all patients functioning to the best of their ability in the shortest period of time.

### The following rehabilitative services are available as needed:

- Physical, Occupational and Speech Therapy
- Customized Clinical Programs
- Orthopedic Rehabilitation
- Fully Equipped Rehabilitation Department
- Cardio/Pulmonary Rehabilitation
- Ambulation Training
- Endurance Training
- Activities of Daily Living Re-training
- Patient/Family Education
- Home Discharge Preparation
- Stroke Recovery
- Alzheimer's/ Dementia Care
- Cardiac Care Program
- EKG Onsite
